

AIR-HYDRAULIC SYSTEMS

www.airhydraulicsystems.com

Numatics is your first choice for your pneumatic components and Air-Hydraulic Systems is your Numatics headquarters. We're authorized in our five state region: Minnesota, North Dakota, South Dakota, Nebraska and Iowa.

- Rod Locks
- NFPA
- Compact
- ISO/VDMA
- Round Line
- Specialty Actuators

- State-of-the-Art Valve Technology
- Proportional Regulators
- Fieldbus Electronics
- ISO Valves
- Poppet Valves
- In-Line Valves
- Miniature Valves
- Vacuum Components
- Accessories

- Modular FRLs
- Lockout Valves
- OEM Replacement Elements
- Precision Instrumentation
- Pressure/Vacuum Sensing
- Premium Filters
- Stainless Steel FRLs

Products of:

numatics

Authorized distributor:

**AIR-HYDRAULIC
SYSTEMS**

Value Added Services

PRODUCTION HOSE AND KITTING CENTER

- Automated hose cutting and kitting capabilities
- Certified hose technicians, custom protective end capping for transport and contamination ingress
- Hose cleaning upon manufacture; highest level of quality and cleanliness
- Custom labeling available
- Custom testing available
- In field hose specialists available for application recommendations and kit specification

BUILD CENTERS AND CONVERSION SHOPS

- Durst pump drive build center
- Valve build center for sectional mobile valves
- Pump/motor build center for Permco pumps
- Conversion shop capability

REPAIR, SERVICE AND TEST CAPABILITIES

- Full range of fluid power component repair
- Flow, pressure, and load test capabilities
- Eaton certified repair facility
- 100 HP pump test stand

APPLICATION ENGINEERING

- Power unit design and testing
- Design review
- System design
- Schematic Layout and AutoCAD Inventor 2010 platform
- Manifold design
- Electro hydraulic system design and programming
- Onsite custom engineering capabilities
- Fluid conveyance specialists for superior engineering and design
- Expert recommendations
- Fluid power professionals available for on site recommendations

Air-Hydraulic Systems is one of 19 Fluid Power Subsidiaries of Applied Industrial Technologies. Applied® is the world's largest fluid power distributor, but we are more than just a supplier of hydraulic and pneumatic components. Our network of fluid power companies (70+ locations) and one of the largest teams of Certified Fluid Power Specialists, Certified Electronic Control Specialists, Certified Fluid Power Mechanics and Technicians is your resource for problem solving, system building, troubleshooting and other requirements.
